Insiders' Guide® to Glacier National Park, 6th-Michael McCoy 2011-05-03 Insiders' Guide to Glacier National Park is the essential source for information to this outdoor paradise that offers diverse opportunities for fun and adventure. Written by a local (and true insider), this guide offers a personal and practical perspective of Glacier and its surrounding environs.

Montana Sporting Journal-

Flyfisher's Guide to Montana-Chuck Robbins 2018-05-20 The fishing in Montana is better than ever, which is why Wilderness Adventures Press is releasing this completely revised edition of the Flyfisher's Guide to Montana, complete with full-color photography and brand new, highly detailed maps! The updated maps include all of the BLM land, National Forest, Wilderness Areas and state-owned land for all of Montana's major fisheries, and many smaller rivers and lakes. All access points, boat launches, campgrounds and more are shown with GPS coordinates, highways and access roads. You will be able to find your way to the river, whether you're familiar with the area or not. This completely revamped edition details the wealth of great flyfishing in Big Sky Country. From major rivers like the Yellowstone, Missouri, Beaverhead, Big Hole, Clark Fork, Bighorn, and Madison down to the smallest fishable creeks and lakes, veteran fishing author Chuck Robbins tells anglers everything they need to know about Montana's best fisheries. In addition to covering all the most famous rivers and streams, this book introduces flyfishers to waters well off the beaten path, including high-country lakes where many of the fish have never seen a fly or lure and hidden gems in eastern Montana. Also includes other great travel and angling information. Update your dog-eared copy of the original with this fantastic new edition!

Yellowstone Fishes-John D. Varley 1998 This richly illustrated and thoroughly researched reference covers all the species of fish and every aspect of their existence in one of the most famous sport fisheries in the world. This edition includes new material on the impact of forest fires and the introduction of non-native species; an expanded chapter on angling; and an assessment of recent management policies. Full color plates and historic b&w photos.

To preview excerpts from each one of Gary David Blount Rocky Mountain Fishing Journals go to books.google.com, playgoogle.com and to view on You Tube.com in the search bar type Gary David Blount Rocky Mountain Fishing Journals. Introduction Henry’s Lake is a large, high altitude (over 6,000-feet above sea level), Meadow Lake. Henry’s Lake is relatively shallow and at its deepest point is only 28-feet deep at full pond. Henry’s Lake contains many underwater springs and is probably one of Idaho’s most fertile trout lakes. Henry’s Lake has some of the best trout growth-rates of any lake in the world. Henry’s Lake contains Rainbow Trout, Yellowstone Cutthroat Trout, Rainbow X Cutthroat Trout hybrids and Brook Trout. Henry’s Lake is prolific with Scuds, Leaches, Mottled Sculpins (Cottus bairdi), Damsel Flies (Odonata), Early Blue-Winged Olive (Baetis tricaudatus) and Midges (Diptera / Chironomous). Henry’s Lake is 15-miles southwest of West Yellowstone, Montana off Highway 20. It lies in a basin on the southern flanks of the Continental Divide and is the headwaters of the famous Henry’s Fork of the Snake River. Mountains surround Henry’s Lake; to the north is the Madison Range, to the southwest the Centennial Mountains and on a clear day to the southeast one can see the Grand Tetons. Henry’s Lake has only one no-fee boat ramp, Bill Frome public boat ramp; which is located on the west side of Henry’s Lake. The southeast boat ramp is located at the Idaho State Park, which allows camping for a fee. There are two-private boat ramps that charge a fee to launch a boat; located on the north shore is Wild Rose boat ramp and camping and to the northwest is Staley Springs boat ramp and camping.
