Shoes-Linda O'Keeffe 2014-07-01 The Marabou Mule. The Chanel toe. Jackie O's pump. Marilyn's stiletto. And lotus shoes and fetish shoes, shoes made for coronations and inaugurations, Cinderella's slipper, shoes of tulle, brocade, rhinestone, python, fish scales, and feathers, and much, much, more, including the two-foot-high wooden chopines of the 16th century and their resurgence as the platform shoes of the 1960s and 1970s. Shoes, now with over 357,000 copies in print, is an obsessive, over-the-top extravaganza-chunky, full-color, and irresistible, it contains page after page of seductive photographs and information about women's shoes. Created for the woman who's a passionate shoe lover-and what woman isn't?--Shoes features over 1,000 glorious photographs, most of them taken for the book. Includes Footnotes (fascinating facts about shoes); Foot Soldiers (profiles of master shoemakers from David Little to Andrea Pfister); and The Shoe that Left an Imprint, focusing on one shoe that changed history-remember Courage's futuristic go-go boot? Shoes is, as they say, to die for.

Bally - A History of Footwear in the Interwar Period-Anna-Brigitte Schlittler 2021-02-28 Carl Franz Bally founded a shoe factory in Switzerland in 1851. Within decades, the Bally name had achieved worldwide recognition for its high-quality footwear. The history of modern footwear can be traced through the lens of Bally's corporate evolution. This book brings together the results of research on such topics as the economic importance of fashion, Bally's fortunes in the US, the career of shoe design, the sourcing and use of materials, and the rise of strategic product display. The research focuses on the 1930s and 1940s: years of economic crisis and war, characterized by a wide diversity of designs and increasing variety in product range. Shortages also led to experiments with materials and technical innovations. Featuring numerous points of contact with adjacent fields of historical study, this publication marks a contribution to the history of fashion as the history of industrially manufactured products.

Wired-Bob Woodward 2012-03-06 This reissue of Bob Woodward's classic book about John Belushi—one of the most interesting performers and personalities in show business history—"is told with the same narrative style that Woodward employed so effectively in *All the President's Men* and *The Final Days*" (Chicago Tribune). John Belushi was found dead of a drug overdose March 5, 1982, in a seedy hotel bungalow off Sunset Boulevard in Hollywood. Belushi's death was the beginning of a trail that led Washington Post reporter Bob Woodward on an investigation that examines the dark side of American show business—TV, rock and roll, and the movie industry. From on-the-record interviews with 217 people, including Belushi's widow, his former partner Dan Aykroyd, Belushi's movie directors including Jack Nicholson and Steven Spielberg, actors Chevy Chase, Robin Williams, and Carrie Fisher, the movie executives, the agents, Belushi's drug dealers, and those who live in the show business underground, the author has written a close portrait of a great American comic talent, and of his struggle to succeed and to survive that ended in tragedy. Using diaries, accountants' records, phone bills, travel records, medical records, and interviews with firsthand witnesses, Woodward has followed Belushi's life from childhood in a small town outside Chicago to his meteoric rise to fame. Bob Woodward has written a spellbinding account of rise and fall, a cautionary tale for our times, and a poignant and gentle portrait of a young man who had so much, gave so much, and lost so much.

Proposition-Denis O'Rourke 2015-09-08 PROPOSITION America's most famous environmentalist, Chester Dotson, is on a mission to clean up California, and his voter initiative, Proposition Nine, is on the November ballot. Dotson has a plan to make his altruistic dream come true, but the people he recruits to bring in the vote have their own plan. A billion dollar windfall is hidden in the Proposition Nine language, and they'll kill to get it. Attorney Riley Scofield has kept her distance from the family's seventh generation Napa Valley tannery, ever since her fiancé was killed there in a freak accident. When Scofield Tannery is hit with the first Proposition Nine lawsuit, Riley is in the middle of another case, but she fights through her personal demons and rises to their defense. She's losing the Prop Nine case, unaware of the deadly conspirators at work behind the scenes. Riley's also unaware of something else: losing will keep her alive. Riley Scofield doesn't like to lose, and suddenly, it's kill or be killed—in ways you'd never imagine—unless you know about tanneries. O'Rourke's debut novel seamlessly weaves ambition, greed, romance, murder-for-hire, family values and redemption into a must-read story of good intentions—with deadly consequences. "An exciting thriller...colored by blood and fueled by money...fast paced, without losing sight of the details or nuance of the courtroom drama...fans of thrillers will read on, ready for the next twist.
